

Shri. Narendra Modi

Honourable Prime Minister of India

प्रधान मंत्री

Prime Minister

MESSAGE

I am pleased to learn that Association of Health Care Providers (India) is organising the 8th annual global conclave during February 26-28, 2021 and a Souvenir is being published to mark the occasion. The theme – “Radical remodelling of healthcare: Synergising wellness, technology and empathy” is topical.

Good health and fitness of citizens is imperative for a healthy nation. We have always given utmost importance to ‘Arogya’ with the belief of आरोग्यं परमं भाग्यं स्वास्थ्यं सर्वव्यापकम्, meaning good health is the greatest blessing and health is the means to achieve everything.

With the vision of ‘healthcare for all’, we have taken comprehensive measures to make healthcare affordable and accessible to all. Along with affordable healthcare, we have been emphasizing on preventive healthcare also. An unprecedented thrust is being given towards boosting healthcare infrastructure and enhancing human resource capabilities in the healthcare sector.

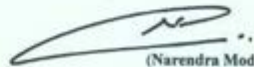

An enabler and a force multiplier, technology today is redefining and remodelling healthcare services. A remarkable testimony to it is the technology-enabled development of ‘Made in India’ vaccines by our talented scientists and researchers in such a short time.

Care and compassion are the attributes, associated with the profession of healthcare which provide healing touch and further wellness. We are witness to the untiring and selfless service by our medical fraternity and healthcare workers during the nation’s united and resolute fight against the pandemic as also during the world’s largest vaccination campaign going on in India.

The discussions during various sessions of the conclave will enable the participants to share their professional and technological expertise. The gathering of healthcare professionals and medical experts from across the globe will help chart a futuristic roadmap towards promoting wellness with empathy.

I am sure that the hybrid format of the Conclave will help in reaching out to a larger number of people throughout the world.

Best wishes for successful deliberations at the Conclave. May the Souvenir be read and liked widely.

(Narendra Modi)
